

Perla Group International Signs Exclusive Distribution Deal for the AK-1 Helicopter in the USA & Nth African regions!

Dubai based Perla Group International Ltd has signed an Exclusive Distribution Deal for the Ukrainian made Ak-1 Helicopter for the USA and Nth African Regions!

Dubai, United Arab Emirates Oct 12th, 2009 – Having followed the development and progress of this helicopter for the past 3 years now, which included an extensive visit to the manufacturing facilities of Ukrainian, DB Aerocopter Ltd, we were convinced that this helicopter is ready to make its mark on the aviation world!

*"I personally flew the **AK-1** helicopter while touring the facilities in Poltava, Ukraine and was amazed at this helicopters performance, agility and indeed manufacturing excellence. In its class, it is my opinion and the opinion of many industry professionals that the AK-1 stands alone!"*

.....**CEO, Founder Perla Group International, Charles Sam D'Alberto**

We are very excited about the market opportunities within the respective regions assigned to us. The versatile uses of this helicopter, from business travel, crop spraying, border surveillance, police and security uses, aerial photography, cattle rustling and many others.... Coupled with the low cost to purchase and low maintenance costs, makes this helicopters an aircraft to be reckoned with!

Perla Group International's aviation division **Perla Aviation** will look to appoint experienced agents in Nth Africa and USA that will assist in the marketing and sales of the AK-1 throughout these regions.

*"**DB Aerocopter LTD.** Is very interested in the cooperation and development of sales in different territories, and also to have a reliable partner such as **Perla Group International**, which holds a stable position in the world market, we are also interested in the development of service, training for technical and flight personnel in the Territories."*

.....**Director, DB Aerocopter, Mr I.V. Poltuchy**
