

Perla Group International Secures Lucrative Armored Vehicles Supply Contract

Dubai Perla Group International Ltd has secured a lucrative contract to deliver Armored Vehicles to Pakistan for use by the United Nations.

Dubai, United Arab Emirates August 7th, 2009 -- The lucrative contract comes after many months of negotiations whereby Perla Group International Ltd's, Armored Vehicle Division were short listed on a bid to supply the United Nations with Armored Vehicles for use across the globe in the various countries where they are active in supplying aid. This first order, which could potentially lead to the supply of over 150 vehicles per year for the next 3 years, will assist the United Nations with its operations in Pakistan.

The supply of the Armored Toyota Land Cruisers will also see the logistics and delivery by the groups, Perla Aviation division. The vehicles will be delivered via a chartered cargo aircraft.

"As Perla Group enters into its next stage of growth, this contract is a indication of the name and trust that our company has built in the region, and will continue to build on in the coming years"....."We are confident that this will be the start of many deals of this nature with the United Nations, and indeed the many other organizations"

.....**CEO, Founder Perla Group International, Charles Sam D'Alberto**

As the company heads towards unprecedented growth in this tough economic climate, the management has stated that it has experienced growth in excess of 80% across all divisions leading up to its intended IPO later this year.
